

The background of the slide is a grayscale microscopic image showing a dense field of fibrous, hair-like structures. Overlaid on this background are five yellow handprints arranged in a circular pattern, with their fingers pointing towards the center. The handprints are stylized and appear to be made of a thin, branching material, similar to the biological structures in the background.

*“The world is full of magical things, patiently waiting  
for our senses to grow sharper” — W.B. Yeats*

The background of the slide is a grayscale, high-magnification microscopic image of a biological surface, possibly a leaf or petal, showing intricate, fibrous, and radiating patterns. Overlaid on this background are five stylized handprints in a bright yellow color. The handprints are arranged in a loose circle, with their fingers pointing outwards, symbolizing unity, leadership, and human impact on nature.
