Communications

We can reshare your social media posts when you hire with our gallery across Instagram, Facebook & LinkedIn, if tag or make @bricksbristol a collaborator on your post.

Once you fill in the hires form (this will be shared with you once the hire is confirmed), we can add your exhibitions or event to our regular St Anne's House Newsletter, for this you will need to provide concise copy and a visual.

We can add you to our what's on calendar on the website.

We can offer advice on the best practices and listing platforms for the area that will help you reach audiences. If you would like to know more about this offer and how much it will cost please get in touch.
